Please arrive around 6:30PM for Hospital Security Check in

All images and prizes on this flyer are clickable.....

Topic:

[OpenHamClock.com](http://OpenHamClock.com)

Every DXer Needs This Program on their Desktop.

## MEET OUR GUEST SPEAKER

Chris Hetherington, K0CJH, is the creator and maintainer of OpenHamClock, an open-source ham radio dashboard that brings real-time propagation data, DX cluster spots, POTA/SOTA activity, and solar conditions together in one self-hosted display.

An active operator and President of the Penn Wireless Association (W3SK), Chris blends his amateur radio passion with a professional background in software development and live event production. He'll walk through what OpenHamClock can do, how it came together, and where the project is headed. Chris will join us over Zoom.

We will also be joined by Barry Porter KB1PA, our ARRL Southern Florida Section Manager for a brief update on ARRL Happenings.
